How to Sort/Alphabetize List/Items/Paragraphs

1. Select all the lists/items/paragraphs you want to alphabetize.

MS Word 2003

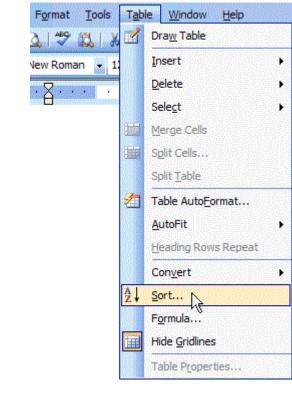

2. On the Menu bar, select Table then choose Sort... Sort Text dialog box will pop-up. 2. In the Home tab, in the Paragraph group, click on the Sort icon Sort Text dialog box will pop-up.

MS Word 2007

3. In the **Sort Text dialog box**, by default, Word displays '**Paragraph**' as selection and '**Text**' as **Type** in the **Sort by Section**. Choose if

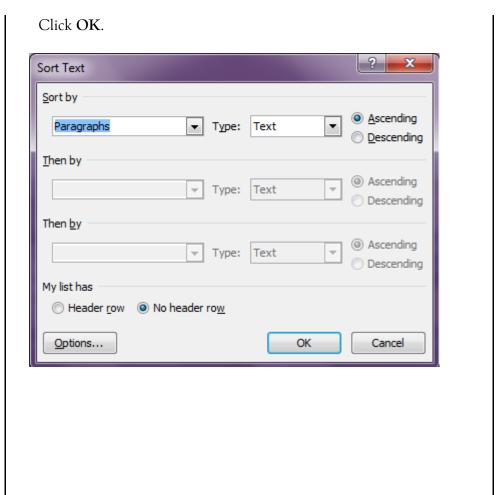

Ascending or Descending order.

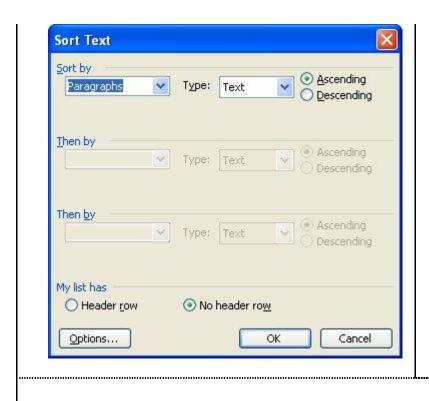

Click OK.

3. In the Sort Text dialog box, by default, Word displays 'Paragraph' as selection and 'Text' as Type in the Sort

by Section. Choose if Ascending or Descending order.

4. Notice that the lists/items/paragraphs in your document are sorted based on the order you selected.
