ProductivI.T.y tip 73\_(PowerPoint): Expand One Slide Into Two\_01112012

## Expand One Slide Into Two

1. Click the *Outline* pane tab (located on the left side of the PowerPoint window).

2. Place the cursor inside the Outline pane (not on the slide), exactly before the group of text that you want to move onto the next slide.

3. Right-click the mouse and select *Promote*. A new slide icon will appear in the Outline pane. Type a title for the new slide. You can also adjust the rest of the text as needed.
